AZTEC TOMB ADVENTURE – Commodore 64

AGE: 11 PLUS

HOME ENTERTAINMENT

A graphics adventure set deep in the Amazon rain forest. Find the lost Aztec tomb hidden somewhere in this strange land, where anything could happen and probably will. The key to the solution lies in your own persistence – there are a number of commands that you can use i.e. open door, go west, up and down or one letter instructions such as N, S, E, W – the rest is left to your imagination.

Every location successfully reached will be rewarded with a full graphic picture.
